

Demonstration of Proposed Features

Date	04a July 2026
Team ID	
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document captures all the features proposed during the project planning phase and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver the proposed Credit Card Approval Prediction solution.

S. No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrated (Yes / No)	Remarks
1	Data Upload	Upload the credit card applicant dataset for analysis and prediction.	Implemented	Yes	Working Successfully
2	Data Preprocessing	Handles missing values, encodes categorical variables, and scales numerical features for model training.	Implemented	Yes	Successfully Completed
3	Credit Card Approval	. Predicts whether a credit card application will be approved or rejected using the trained ML model	Implemented	Yes	Accurate predictions generated
4	Data Visualization	Displays graphs showing applicant characteristics, approval distribution, and feature relationship.	Implemented	Yes	Graphs displayed correctly
5	Stream lit Web Interface	provides a user-friendly interface for entering applicant details and viewing prediction results.	Implemented	Yes	Fully functional

Feature Implementation Summary:

Total Features Proposed	5
Total Features Implemented	5

Total Features Demonstrated	5
Overall Implementation Rate (%)	100%
